The U.S.-Ukraine Foundation

is a publicly supported 501(c)(3), not-for-profit non-governmental organization established in 1991 to facilitate democratic development, encourage free market reform, and enhance human rights in Ukraine.

The Foundation, headquartered in Washington, creates and sustains channels of communication between the United States and Ukraine, in order to build peace and prosperity through an exchange of information. The Foundation is dedicated to strengthening the mutual objectives of the U.S. and Ukraine, advancing Ukraine as a cornerstone of regional stability and as a full partner in the community of nations.

The work of the Foundation, over the course of 13 years, has been significant in the promotion of democratic and economic reforms in Ukraine. Since the beginning, when the Foundation was one of the first Western organizations to establish a physical presence in Kyiv through the founding of the Pylyp Orlyk Institute for Democracy, it has continued to provide Ukrainian pro-democratic reformers with the necessary information and technical assistance to transform their nation into a democratic, rule of law state.

Today the Foundation, which has representative branch status in Ukraine, operates through 6 major cities -- Kyiv, Cherkasy, Donetsk, Kharkiv, Kherson and Lviv. Over 40 professional staffers represent the Foundation and its key projects in Ukraine, and 10 serve in the Washington office.

The Foundation has earned a reputation in Ukraine and in the United States for its professionalism and credibility in fostering non-partisan discussion, providing accurate information and encouraging democratic reforms.
The program areas of the U.S.-Ukraine Foundation are:

Public Policy
Economic Development
Education
Health Care & Humanitarian Aid
Informational Services

The major projects administered by the U.S.-Ukraine Foundation include the:

- **U.S.-Ukraine Community Partnerships for Local Government Training Program**, designed to give technical assistance to Ukraine on a community to community basis, and supported by the U.S. Agency for International Development.
- **Petrach Community Development Project**, which helps the people of Starij Dobrotyr, Ukraine,
- **Kennan Kyiv Project**, which furthers social science and humanities studies in Ukraine, and is supported by the Kennan Institute.

All these efforts were also supported by private financial gifts of $183,450, in-kind services of $591,770 and non-cash gifts of $700.

Public Policy

The U.S.-Ukraine Community Partnerships for Local Government Training and Education Project

This project, funded by the U.S. Agency for International Development, provides technical assistance, training, and education to over 900 Ukrainian cities, towns, and villages through partnerships and seminar-based training at five Regional Training Centers. 18 Ukrainian communities were originally partnered with U.S. communities for intensive study of solutions for targeted problems in economic development, strategic planning, budgeting, housing, and communal services, transportation, and citizen participation. Trainers and consultants from U.S. cities visit their partnered communities and municipal officials from these Ukrainian communities have internships in their U.S. partner communities. Five Regional Training Centers (RTCs) have been established to provide training for all Ukrainian local governments.

A monthly newsletter and a quarterly journal - with circulations in excess of 4,000 each, including all city mayors - offer a forum for discussion of common local government problems and provide local and international technical solutions and best practices. In 2003 CPP began working with four clusters of six cities each in newly-established Regional Partnerships (RPs). Two RPs focus on economic development, while two focus on housing and communal services reform. These regional partnerships will continue to benefit from technical assistance provided by experienced trainers from 14 of the U.S. partner communities, as well as mentoring from 14 Ukrainian partner communities (as 4 of the original 18 partnerships were graduated). CPP support of the regional partnerships is also aimed at further developing a network of reform-minded and confident city leaders and representatives who are committed to community and economic development.

In FY 2004 important results of partnership activities include: 23 cities have incorporated citizen input from citizen task forces, advisory committees, and/or public hearings into decision-making on significant topics; 14 cities have achieved demonstrated improvements in specific services; 10 cities use strategic development plans, business plans, or action plans; 9 cities use fair and transparent processes for procurements; 24 cities have established task forces, advisory boards, working groups, etc., that include citizen representation and meet on a regular basis to ensure expert, professional, or stakeholder views in the local decision-making process; 23 municipalities hold public hearings (in addition to the one legally required annual hearing) and/or community meetings on a regular basis; 23 cities have programs for citizen education and information, and/or publication of relevant materials on city plans, budgets, municipal programs, operations and responsibilities.

In the reporting period, the Regional Training Centers taught more than 50 different training modules adapted from successful USAID training programs developed in Eastern Europe as well as developing our own training modules, on a wide range of topics relevant to the development of local self-government (including: Budget and Finance, Citizen Participation, Economic Development, Education, Elections, Environment, Health, Housing/Communal, Information Technology, Land Management, Human Resources, NGO Development, Social Policy, City Promotion and Public Relations, Strategic and Business Planning, Trainer-of-Trainers, Needs Assessment, Transportation). 9,353 community-based clients were served in FY04; 5,268 of them (56%) were women clients, representing more than 471 cities, towns and villages in Ukraine. During the same period, 415 trainings were conducted, for a total of 706 training days.
Public Policy

CPP is collaborating with the Carl Vinson Institute of Government at the University of Georgia on a course aimed at developing the appropriate curriculum aimed at improving the management skills of local government officials.

Donated services and in-kind contributions during the fiscal year totaled: $534,406

Ukraine Election Project

An extension of CPP, this short-term project educated voters and local government officials on their rights and responsibilities toward bringing about a more credible, transparent and fair presidential election in Ukraine. This dual effort, consisting of election monitors and a voter education campaign, demonstrates USUF’s unique involvement in Ukraine which dealt with the election process throughout the whole period of the campaign.

Six delegations of election monitors from the West, consisting of former U.S. Congressmen and former Members of the European Parliament, visited Ukraine from July through December 2004. Altogether, 50 election observers went to Ukraine under the auspices of the project. Prior to the actual voting observers evaluated campaign practices in Ukraine, including registration procedures, logistical preparations, and media coverage. The last two delegations observed actual voting practices and witnessed the dramatic events surrounding the Orange Revolution in Kyiv.

Starting in August 2004, Znayu! (I Know!) conducted voter education and mobilization activities through regional coordinators in 12 central, eastern and southern oblasts and through partner organizations in 6 eastern and western oblasts. Legal consultation and information was provided to individuals from all 24 oblasts and Crimea via a toll-free hotline, which registered over 40,000 calls, and via several hundred e-mail responses. More than 5,000,000 pieces of informational print material were distributed by volunteers in over 200 communities. Public service announcements were broadcast on 4 national TV channels and over 100 regional radio stations.

U.S.-Ukraine Policy Dialogue Exchange Program

Funded by the U.S. Department of State, this two-year program will advance constructive dialogue among U.S. and Ukrainian policy makers, public policy experts, and organizations about issues impacting U.S.-Ukraine relations. The program will sponsor week-long working sessions, held alternatively in Washington and Kyiv, during which policy makers and issue experts will meet one-on-one with counterparts to discuss issues in four areas: foreign policy and security, governance and politics, economic and business, and media and information.

The Pylyp Orlyk Institute for Democracy

The Pylyp Orlyk Institute in Kyiv, receives support from the Foundation to provide Ukrainian policymakers with information on public policy issues, such as democracy, democratic institutions, the development of civil society and free-market economics, to help educate and impact decision-makers in Ukraine.

Foundation support for POID totaled nearly $4,800 in 2004.
Economic Development

The U.S.-Ukraine Foundation promotes business and economic development between Ukraine and the West through an open exchange of information from corporate, government, educational and non-profit entities.

This is accomplished through:
- **BizLinks**, a periodic, business information e-newsletter, and
- **Potential**, a business resource journal that focuses on commercial, government, educational and non-profit entities engaged in the market of Ukraine.

**Petrach Project**

The William Petrach Charitable Trust, which had previously awarded the U.S.-Ukraine Foundation with funds in 1999 to construct a community center and a church rectory in Old Dobrotvir (Lviv oblast, Kamyanka-Buzkij rayon), petitioned the Circuit Court of Arlington in March 2003 to terminate the trust and distribute the remaining assets to the U.S.-Ukraine Foundation.

The court approved the petition and awarded the Foundation with $335,000 in FY2003 and $1,382 in FY2004. USUF has established an endowment that will target annual earnings for the year-to-year needs of four community institutions that were supported by the Petrach Charitable Trust – the community center, elementary school, library, and rectory of the Ukrainian Greek Catholic Church.

USUF's newest fund will be known as the Petrach Community Development Fund for Starij Dobrotvir.

**Cultural REbirth of Ukraine Project**

The CURE Project aims to foster the economic development of the cultural sector in Ukraine by assisting Ukrainian artists with supplies and training to enable them to compete in the marketplace.

Support to 34 Ukrainian artisans totaled $19,850 during the year.

**Zapytiv Community Development Fund**

During the past year, a fund to support Zapytiv, a community near Lviv, was established by the Boyko Family -- Michael and his daughters Olena and Lidia.

**Other Projects**

An initiative to assist Zhovka in Lvivska oblast began during the year with the financial support of Mr. E. Klymko.

Donated services and in-kind contributions totaled $47,995 for the Economic Development Program during the year.
Education

This program educates the public regarding Ukraine and the U.S. and provides assistance to institutions and individuals in expanding educational opportunities relating to public policy, economic development, health care, leadership and democratic values. Some of the activities include the Youth Leadership Program, Books for Libraries Project, and the Clickukraine.org Project. The program also provided administrative support to the Foundation’s two scholarship project funds.

Donated services and in-kind contributions during the fiscal year totaled: $ 4,665.

Kennan Kyiv Project

The U.S.-Ukraine Foundation assists the Kennan Institute of the Woodrow Wilson International Center for Scholars in administering its representative office in Kyiv. The Kennan Kyiv Project (KKP) was launched in November 1998. Its goal remains to recruit new scholars in the social sciences and humanities for grant programs at the Wilson Center and to develop an alumni program for participants in the program.

A number of conferences and seminars brought together scholars to share ideas on political, economic and social development in Ukraine and the region. A publication program was launched in response to the popularity of these activities.

The KKP maintains a full-time Project Director and a staff member who coordinate alumni events, publications, and recruitment activities.

The Kennan Institute’s grant agreement with the Foundation extends to September 2004.

Internship Program

The Foundation is proud of its expanding Internship Program. USUF has welcomed many young men and women to its Washington office for an opportunity to work in U.S.-Ukrainian relations, to explore career choices, and to learn the political process. In addition, interns provide a valuable service to the Foundation in supporting its program activities.

During the past year, the Foundation provided an invaluable experience for these talented individuals:

Education

Books for Libraries Project

The Foundation operates a book donation program for Ukrainian and American educational institutions. In 2004, $1,400 in books and other support was donated to Ukrainian institutions.

Melania Denys Kovaluk Scholarship Fund

USUF and the Canada Ukraine Foundation are administering a scholarship fund for the benefit of students in the village of Zabolotyevi (Lviv oblast). The Kovaluk Scholarship Fund grew to an end-of-year value of $83,915. Twelve students received awards this year.

Maryniuk Scholarship Fund

The Fund’s end-of-the-year value was $90,780. The fund was created by Mr. & Mrs. Andrew and Luba Maryniuk, along with their sons George and Jerome.

Youth Leadership Program

The U.S.-Ukraine Foundation hosted its *Third Annual Youth Leadership Program (YLP)* in August 2004. This special “Washington experience” introduces college students to some of the essential elements of leadership in a week-long program of meetings and discussions at key DC institutions.

Through interaction with DC’s leaders, students learn about public policy, the political process, U.S.-Ukraine relations, the importance of the Ukrainian-American community in U.S.-Ukraine affairs, the organizations active in Ukraine, the need for activism, and the wide genre of careers available in Washington. They also gain a greater appreciation of the culture, institutions, and history of Ukraine.

This important program addresses the Ukrainian-American community’s need for greater leadership training and political activism for the rising generation. YLP seeks to shape the Ukrainian-American community’s youth for the leadership roles they will take on in the future within the community, U.S. government, and international relations. The Youth Leadership Program arms participants with new skills, and most importantly, helps inspire in them the confidence and ambition to participate in public affairs, so that they can become a positive force for change bridging the Ukrainian-American community and larger communities in the U.S. and Ukraine.

Students participating in Youth Leadership Program 2004 included Andriy Bilozir, Katerina Golitsina, Larissa Hotra, Christina Olha Jarymowycz, Oleh Krykovskyy, Andrew W. Laszyn, Anya Sofia Maziar, Muhammed Menzatov, Ihor Novosyadlyy, Nadiya Ostrovskaya, Mark Semiotuk, Tanya Soluk, Mariya Tarassishina, Ruslan Tykhola, Christopher Wlach, Maria Alexandra Woloshyn, Maryna Yaroshchuk.
Health Care & Humanitarian Aid

The U.S.-Ukraine Foundation provides health care and humanitarian assistance to Ukraine.

The William T. Kemper Foundation of Kansas City made a $1,000 contribution in May 2003 to support a soup kitchen in Kharkiv. The Foundation began its support for the soup kitchen when the William T. Kemper Foundation donated its first gift in June 2002.

Grant support to hospitals, orphanages, and children’s groups totaled $2,603 in 2004.

Without these funds, the Foundation would find it impossible to continue its important work. I wish to thank all our donors, with special appreciation to the: Bahriany Foundation, Maria Gonzales Trust, Drs. Dmytro & Jaroslava Jaroshevycz Memorial Charitable Gift Fund, Self Reliance (NY) Federal Credit Union, Swift Foundation, Ukrainian Federal Credit Union, Ukrainian Orthodox Church of the USA, and individuals Dr. Zenia Chernyk, Mr. Eugene Klymko, Mr. & Mrs. Leonard & Helena Mazur, Dr. Olga Popel, Ms. Patrice Secousse and Dr. Murray Senkus.
